Hi Robert

My name is Carl kirchoff I have been waiting on perdue to offer a settlement on my case but now that everything has gotten overturned I guess it don't look like there's any offer gonna be made on my case and I've been on oxy for 15 years I can't even get a advancement to what information they should have because produce hasn't made an offer or it an offer or because everything is taken forever to do some I just wonder if you have a time line or some daylight at the end of this tunnel? Or are you able to make your own, saying I'm a settlement per case cause I talked to my Attorney and you're waiting on to hear what goes on in bankruptcy court.

Thanks
Carl kirchoff
